SPECIAL TOWN MEETING
TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newington, County of Rockingham and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Newington Civic Center in said Town on Wednesday, the 25th day of February next, at 7:30 of the clock in the afternoon, to act upon the following subjects:

Article 1. To see if the Town will vote to authorize the Selectmen to sell forthwith and convey by deed with quitclaim covenants to the Newington School District for the sum of One Dollar the Newington Elementary School with approximately one acre of land, upon the condition that said Newington School District shall forthwith sell and convey said premises to the United States of America for the sum of \$73,248, pursuant to and in accordance with the provisions of Public Law 85-727, 85th Congress, H. R. 4804, approved August 23, 1958, which sum is to be held by said School District and used, together with such additional funds as may be subsequently appropriated, for the purpose of defraying the cost of constructing a new elementary school in said Newington; and authorize the Selectmen of the Town to execute and deliver in the name and on behalf of the Town such instrument of transfer and conveyance and to purchase and affix thereto revenue stamps, if any, as may be necessary to convey to said Newington School District and its assigns said premises in consideration of said sum, and to authorize the Treasurer of the Town to receive and receipt for the same.

Article 2. To transact such other business as may legally come before the meeting.

Given under our hands and seals this 9th day of February, 1959.

JOHN E. HOLDEN,
PHILIP E. GRANT,
STILLMAN A. PACKARD,
Selectmen of Newington

A true copy—Attest:

RESULTS OF SPECIAL TOWN MEETING

February 25, 1959

The voters voted to adopt Article 1, which was as follows:

Article 1. To see if the Town will vote to authorize the Selectmen to sell forthwith and convey by deed with quitclaim covenants to the Newington School District for the sum of One Dollar the Newington Elementary School with approximately one acre of land, upon the condition that said Newington School District shall forthwith sell and convey said premises to the United States of America for the sum of \$73,248, pursuant to and in accordance with the provisions of Public Law 85-727, 85th Congress, H. R. 4804, approved August 23, 1958, which sum is to be held by said School District and used, together with such additional funds as may be subsequently appropriated, for the purpose of defraying the cost of constructing a new elementary School in said Newington; and authorize the Selectmen of the Town to execute and deliver in the name and on behalf of the Town such instrument of transfer and conveyance and to purchase and affix thereto revenue stamps, if any, as may be necessary to convey to said Newington School District and its assigns said premises in consideration of said sum, and to authorize the Treasurer of the Town to receive and receipt for the same.

As there was nothing listed in Article 2, it was voted to adjourn the special town meeting at 8:15 p. m.

1958 REPORT OF THE LANGDON FREE PUBLIC LIBRARY

The 66th annual report of Langdon Free Public Library is herewith presented.

Your library was represented at the N. H. Library Association meeting in Hampton, and at the community meeting in the new library in Newfields. Twice during the year Langdon Library was asked to be host for librarians and trustees in this area. It is pleasing to feel "they want to come again". Mingling with the library personnel of other localities and State Library officials is helpful and informative in keeping abreast of library trends.

The primary purpose of a library is BOOKS, and their circulation, but we must also make our building and grounds interesting, attractive and functional. We strive to do all these things. In 1959 more money must be allotted for books as their cost has increased even as groceries and other essentials of life.

IN MEMORIAM

Miss Hetty W. de Rochemont

The library has lost a loyal and steadfast friend in the person of Miss Hetty W. de Rochemont who served faithfully for so many years as trustee. Although unable to go to the library often, she held in her hand the threads of all library interests. Her foresight, wise counsel, and gentle humor eased many a delicate decision. We miss her greatly.

For several years we have realized that the lighting system is noticeably inadequate and obsolete, and that the time had come when attention must be given to present and future needs as a main project. It was planned to accomplish it this year, but after a preliminary study it has been decided that this major project must have further consideration in order to install the most economical and satisfactory lighting system, and therefore we are reserving money for this project. We have, however, installed outside lights, a necessity for our evening meetings.

Beyond minor repairs there have been long needed improvements in the cellar, an inner bulkhead and a metal bulkhead outside. These additions will help conserve fuel, and it is hoped will aid in rodent control. Beauty and color as well as utility are desirable, and our long planned for drapes have become a reality.

A happy surprise representing interest from the Langdon family was the gift of \$150 from Mr. John G. M. Stone of Elwyn Farm and New York City. Due to this thoughtful gift extra work on improving the grounds was accomplished, and we again had the honor of recognition from the N. H. Roadside Improvement Association. The \$15 award was spent directly on the grounds. Mr. Stone's gift has also provided us the opportunity to purchase books which we could not otherwise have afforded.

Mrs. Bullock, our librarian, was granted a Shieling Trust scholarship by the N. H. State Library Commission to attend the summer session at the University of New Hampshire. The town is lucky indeed to have a librarian of her calibre.

Our thanks are extended to Mrs. Gertrude MacFarland for her kind loan of the shipyard painting which has been of considerable interest.

With sorrow we note the death of Miss Anne L. Beane, a former librarian, whose work and personality helped to form the character of Langdon Library.

The Trustees wish to extend their thanks to Mr. Stone for his gift and interest, to Mr. Warren Witham for his arrangement and care of the urn, to Mr. James H. Coleman for the picture frame, and also to Mr. Nathaniel Coleman for his practical solutions to many of our problems. Mr. Bullock has aided us in a hundred and one ways.

LIBRARIAN'S REPORT

The past year at Langdon Library has been marked with more interest and cooperation from the community. Newington celebrated National Library Week in March, 1958. The motto, you remember, was WAKE UP AND READ. Activities were planned for all ages starting with a story hour for pre-school children by Miss Edith Brewster.

In an effort to make books more readily available to all townspeople we have placed a changing collection in the town church. South Newington has again this year had a supply of books available at the home of Mrs. George Garland. We take this opportunity to thank the church people and Mrs. Garland for helping us to extend our library service in this way.

The library has added about 300 books to its collection this year and subscribed to the usual number and varieties of magazines. There is also a large number of books on hand from the State Bookmobile. The N. H. State Library is most cooperative in obtaining books on any subject.

Beginning this fall films have been available free of charge from the State Library for use in rural libraries. Our children have shown great enjoyment of our Saturday film programs and parents have been most helpful in providing transportation.

We are making every effort to meet the library needs of our school children. We appreciate the continued cooperation of the principal and teachers in our elementary school. This year we also changed our hours so that the library is open on Wednesday afternoons for the use of the junior and senior high pupils.

Memorial books have been received in memory of

Miss Hetty de Rochemont

Miss Anne L. Beane

Mrs. Abbie Beane Margeson

Mrs. Helen Coleman

Our thanks to the Graffort Club, and the Beane family for these gift books.

This is the fifth year that our library has been open Wednesday evenings during the summer for special programs. We've enjoyed hearing our neighbors Fred Pickering and Margaret Pickering and Wallace P. Hale as well as people from as far afield as Rev. Fred Stafford, summer exchange minister from England and Dr. Mary Cushman, a medical missionary from Angola, Africa. Dr. Harold Benjamin gave us a lively evening with folk music, Robert Yeaton told of his experiences as an exchange farmer in Uruguay and Dr. Cecil Schneer spoke on Count Rumford, a N. H. scientist of renown. Our thanks to each one for his contribution to a varied and informative program.

You are invited to come to the library and use it for work or pleasure. We have books that will appeal to every age and taste.

Respectfully submitted,

CECILIA BULLOCK,

Librarian

POLICE DEPARTMENT REPORT

The Newington Police Department wishes to report to the Taxpayers of the Town of their activities for the year of 1958.

This department has answered a total of 235 calls and has worked a total of 1,017 hours in the Town, having travelled 9,854 miles doing police work in the Town.

We have given out a total of 163 warnings for Motor Vehicle Violations and for persons hunting in the Town of Newington. We have had a total of 85 accidents. We have had in Municipal Court, 2 for discharging rubbish, 3 D. W. I., 1 grossly and careless operating, 4 for breaking and entering in the night time.

We were able with the help of the State Police to be able to close out the break at the Newington Sales on August 14th, 1958 to the amount of \$3,633.54. The subjects were picked up in Columbus, Mississippi and are serving a 20 year term for Armed Robbery.

The Newington Police Department has received its fifth consecutive Motor Vehicle Citation from Commissioner Clark. On January first we have passed 1,876 days since our last fatal accident, this being a very good record for the amount of traffic that passes through our Town.

In May of 1958 we purchased a stretcher for the Chief's car making an ambulance available free to anyone in the Town going to or from the hospital. We have had several uses of it and has proved it a great help.

I wish to thank the members of the department for their unselfish and outstanding job well done during the year of 1958.

Respectfully submitted,
WILLIAM A. LABONTE,
Chief of Police

REPORT OF THE NEWINGTON PLANNING BOARD

During the past year the Planning Board was primarily concerned with the consideration of the first subdivision under our relatively new Zoning Ordinances. In order to protect the town and future lot owners as well as the subdivider much time was spent on a careful investigation of all of the varied aspects of the subdivision problem in general and this one in particular. After the required public hearings and considerable discussion the subdivision was conditionally approved.

An outgrowth of the subdivision problem was partial elimination of the hill on Route 151 at the entrance to Coleman Drive, the private road now being used as an entrance to the Great Bay Marina. The cooperation and efforts of Mr. Paul Griffin of Landers and Griffin, Inc., and Mr. Gillis of the State Highway Department in the alleviation of this traffic hazard is greatly appreciated.

NEWINGTON VOLUNTEER FIRE DEPT. REPORT

During the past year the Newington Volunteer Fire Department was formed and organized. We have held a meeting each month which consist of a social time conducted by the social officers, followed by instructions in the fire service through arrangements made by or conducted by the Chief of the fire department. This is always followed by refreshments.

We received 17 emergency calls during the year, 11 of these were for fires in the town of Newington, 4 were for fires out of town answering calls through the Interstate Emergency Unit.

We purchased and had installed all the equipment that was voted by the town's people. By doing this, the State Board of Underwriters recognized the Newington Volunteer Fire Department, and gave the property owners within 2 miles of the fire station a reduction in their fire insurance rate.

The biggest item to be received was our new truck. This is a Ford model 750 with a 750 gal. waterous pump on it and necessary hose racks and compartments. This truck passed the Underwriters test with flying colors. It has proven to be a very satisfactory piece of equipment.

The men have put in a great deal of time on keeping the building and equipment clean and in good shape.

The fire department put on a very good fire prevention program during 1958 the highlight of it was an open house held during Fire Prevention Week with prizes for the children.

We had a group of firemen spend one day at the State of New Hampshire fire school held at Fitzwilliams, N. H. These men will all receive a certificate from the state.

The board of Fire Engineers have held a meeting each month to transact the business of the department and to set policy, see that the rules and regulations are being carried out and the election of new members to the department. Also to get bids and recommend the purchase of any article that might be needed and to approve all bills before they were turned over to the Selectmen for payment. This board consists of Harold Frink, John Mazeau, and William Young.

The alarm system is tested each Saturday at noon from a different location through the Red network. We have four Red network telephones over which call for fire can be received. This number is: GE 6-5737. One phone is in the office at the fire station, one at the Atlantic Terminal Sales Corp. office, one at Simplex Wire and Cable Co., main gate guard house, and one at Chief Young's house. I wish to take this opportunity to express the appreciation of the fire department to the people who answer the phones for us and to the two companies that have so kindly let us install these phones on their property.

The fire department has put in a normal budget this year and hopes that all the people will pass it. It is as follows:

CAPITAL

Installation of hose storage	\$300.00
Forest Fire fighting equipment	100.00
4½ soft suction	100.00
<hr/>	
	\$500.00

OPERATION AND MAINTENANCE

Red network	\$375.00
Repairs, gas, oil, grease, etc.	300.00
Radio repair	75.00
Small tools & equipment	25.00

Training program	25.00
State firemen's dues	30.00
Office expense	25.00
	—————
	855.00
Grand Total	—————
	\$1,355.00

I recommend for the next year for the department an increased training program of the men and participation in the fire schools and conventions when held when it is convenient for the men to attend.

I recommend a fire prevention program for the town of Newington which will help us keep up the good record which we now have of very few fires per year.

RED PHONES ARE TO BE USED FOR REPORTING A FIRE ONLY. We have had trouble when an alarm blows of many people calling on the red phones. This tends to jam up our Red network alarm system. **SO USE THE RED PHONE NUMBER GE 6-5737 FOR REPORTING A FIRE ONLY.**

Respectfully submitted,

WILLIAM J. YOUNG, Chief
Newington Volunteer Fire Department

REPORT OF THE SCHOOL BOARD 1958-59

During the past year Union 56 interviewed many applicants for the job of Superintendent. The Union, after deliberation, were fortunate to procure the services of Robert Brunelle. Mr. Brunelle has proved himself to be a most capable administrator. The School Board has found him to be ready and willing and able on all occasions to work cooperatively toward the improvement of our school.

Following the School District meeting last March, the School Board hired a third teacher to act as teacher of grades 5 & 6 and as Principal of the school. Mr. Merle Eggert in this position, has proved himself to be an able administrator and most effective teacher. The results of his work are paying dividends in the improved educational atmosphere of the entire school. The reduction of each classroom to two classes has been effective educationally and the Board strongly recommends its continuation. Mrs. Evelyn Salisbury was hired as teacher of grades 3 & 4 upon the resignation of Mrs. Mary Hopkins. She has been a valuable addition to our school. We are most appreciative of the continued fine service of Mrs. Margaret Pickering as teacher of grades 1 & 2. We feel fortunate to have the continued service of Richard Spinney as school custodian. Mrs. Marjorie Moore continues as our capable and devoted school nurse. The Marshall Bus Co. has transported our children during the past year. The School Board is currently negotiating for a transportation contract for the coming year with a number of different applicants.

During this past year, legislation was passed in the U. S. Congress granting the School District of New-

ington the sum of \$73,248.00 for school restitution. This bill was preceded by a Congressional hearing held, on June 2, 1958 at the Newington Town Hall. The evidence gathered at this hearing convinced the Congressmen of the immediate need to relocate the New Elementary School, due to noise and danger, from its proximity to Pease Jet Air Force Base. The bill as passed was amended to require the transfer of school land and buildings to the U. S. Government in return for the stated sum of \$73,248.00.

In close conjunction with Selectmen and Town attorney, your Board has spent considerable time in considering the proper means for accepting this sum and in considering the possible construction of a new elementary school. It has held preliminary meetings with several interested architects who have submitted tentative sketches. Air Force officials have met with the Board and Selectmen to offer advice as to construction and location of the building to achieve maximum protection from noise and danger.

School Board meetings are held on the 3rd Friday of every month at the Newington School at 7:30 P. M. These meetings are open to any members of the Newington School District.

Respectfully submitted,

WILLIAM J. YOUNG,
ANNE H. HISLOP, Clerk
PEARL G. HOYT,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newington:

The changes that were instituted at the beginning of this school year have proven to be most advantageous to the children who attend the Newington Grade School. Mr. Merle Eggert was engaged as the Principal and teacher of grades five and six; Mrs. Evelyn L. Salisbury is teaching in grades three and four; and Mrs. Margaret Pickering continues to do fine work in the first and second grades. These changes have enabled the teachers to meet the needs of each child with a greater degree of success.

The Curriculum at the Elementary School continues to be aimed at fundamentals in the areas of reading, writing, and arithmetic. Mastery of fundamentals in the forementioned areas is essential in order that a child be able to go on to further achievements regardless of what field of endeavor he or she may choose. Science, social studies, and the communication skills have been expanded and strengthened due to the improved staff and an improved teacher-pupil ratio. We do have a good school in Newington.

On August 11, 1958 your Superintendent and School Board received the following telegram:

TELEGRAM
Washington, D. C.

August 11, 1958

To: Supt. of Schools

Reporting to you for Senator Bridges and myself senate today unanimously approved our bill to reimburse Newington School District for cost of relocating school because of noise and danger from Pease Air Force Base. Bill provides \$73,248 to School District. It has already passed House.

U. S. Senator Norris Cotton

c/c to William Young

Chairman Newington School Board

Since that time the School Board has been negotiating with the Air Force as to the actual sale and transfer of the present school to the government. This transfer has been agreed to and we are now able to proceed with a new building. The School Board, Superintendent, and School Principal have interviewed and questioned four different architects as to the most efficient and economical school building we can build in Newington. All this work has been basic and of an exploratory nature with no commitment made to any person or firm. The next step is the appointment of a Building Committee empowered to build the school. It is hoped that by this time next year the new school will have become a reality.

One thing to consider is the possibility of educating the seventh and eighth grade children here in Newington. The merits of the Portsmouth educational scene as opposed to educating the children here in Newington will have to be assessed with the decision made on the basis of what is the better solution for the children. It would be well to make a decision now when the new building is being planned.

The school budget this year has increased due mainly to the following:

- a. Teacher salaries — you must pay, at least, the prevailing salaries in the communities that surround you if you are to secure good teachers. The best building, books, materials are all worthless if you do not have good teaching. The teacher is the key to good education. We have good teaching let us be willing to keep it.
- b. Heat — with a larger building it will be more expensive to heat plus the increase in fuel costs.
- c. Transportation — the contractor has requested an increase.
- d. Tuition — we have more children attending the Portsmouth Jr. and Senior High and in addition tuition costs have increased.

e. Insurance — with the new school you will have a larger investment to protect.

f. National Defense Act — this is an entirely new item which is necessary if we are to benefit from the recent Federal Legislation which sets up matching grants for local school districts. These funds can only be used for equipment in the areas of Science, Mathematics and Foreign Languages.

Before I close I wish to express my thanks to the School Board for their cooperation and help. It has been a gratifying experience to work with your School Board; their interest in the pupils of your school is an inspiration for me and the teachers.

I also want to commend the teachers for their work and cooperation. Mr. Merle Eggert deserves special recognition for his fine administration of the school.

Respectfully submitted.

ROBERT L. BRUNELLE,

Superintendent of Schools

REPORT OF SCHOOL NURSE-TEACHER

To the Superintendent of Schools, the School Board, and the Citizens of Newington:

Once again I have the pleasure of submitting an annual report of the health program and procedures carried out during my bi-monthly visits to the Newington Grade School from September, 1957, through June, 1958.

In addition to relying on the information you give me for your child's permanent health record, I do annual vision tests on each child, annual hearing tests on pupils in the 3rd through 6th Grade as my type of hearing test is not effective on younger children. I also check heights and weights three times during the school year, and individually appraise your child each visit I make; besides giving brief classroom talks and occasional film strips on various health subjects.

Here are the approximate statistics for the above school year.

		Possible defects found	No. pupils seen or treated by Doctor
Vision tests	50	3	3
Hearing tests	30	0	0
Student Appraisals	233		
Defective Teeth		8	5
Home visits	5		
Communicable Diseases		Approximately No. of Cases	
German Measles			1

During the summer of 1958, I attended a Workshop at Plymouth State Teachers College and studied "The Basic Principles of School Nursing." This not only gave me two college credits, but should enable me to offer you an enriched health program during the ensuing school year.

I thank each and everyone of you for the understanding and cooperation you have given me throughout this school year.

Respectfully submitted,
MARJORIE MOORE, R.N.
